- Earned \$250.00 SMM Achievement Bonus in September
- Earned \$500.00 FVP Achievement Bonus in October
- Earned a Free Cruise to Mexican Riviera

In July of last year, I decided to take charge of preserving my health, so I enrolled in a healthy eating class at a local center. There I met Dr. Joyce Scott, and my life changed. She taught about healthy food choices and selecting the proper supplements to achieve optimal health and wellness.

She introduced me to **Symmetry's Genesis and Ultra Vitality**, and I began taking them on a daily basis. I began to notice I could no longer tolerate the prescription medicines I had relied on for controlling my blood sugar and diabetes. **Needless to say, I was completely sold on the health benefits of the products!**

Soon I was using additional products and telling others about the benefits of using them as well. **As I share my story with my friends and family, I remain confident of the quality and integrity of the Symmetry Corporation.** My advice to anyone beginning the business is to **continue improving your own personal health regimen by using the Symmetry products and simply sharing the products and your own story with others. Success is easy when you represent a product that is backed by a 100% guarantee.**

The **Symmetry Corporation is truly a family of people who care; they represent the beginning of a new healthy lifestyle and a great opportunity for me to gain a wonderful income.**

Your Business in the Media!

ENR Services, Inc., a Public Relations service company, will begin distributing press releases to local media outlets in your respective communities, expanding our overall brand awareness in your neighborhoods.

The press releases will have a tremendous impact for you in the area of sales force retention and recruitment. It will help develop localized news to recognize and promote your business while increasing the performance of your sales organization through the local media.

**Please be sure you have an active email account in Symmetry's system, and check emails often if you wish to opt out or would like to view releases sent out on your behalf.*
