

A Mentor for Success

Marie Disabato

- **Achieved FVP level in November 2008**
- **\$400 Cash Contest earner**
- **\$250 Achievement Bonus earner**
- **\$100 Quick Start Bonus earner**
- **32+ years of mentoring, teaching & helping others**

I am a 58 year old retired assistant principal of a middle school. I spent about 32 years in education helping, teaching, and mentoring others while following a “routine schedule” that was dictated by someone other than myself. After retiring, I began looking for a business that I could own, would allow me to continue to have a positive impact on other people’s lives, and give me the flexibility to work my own hours without having the headaches of a traditional business. **Everything about Symmetry and the presentation of the business made sense to me; it was well thought out and supported all that I had already learned about owning a network marketing business.**

Symmetry is like family to me; even though I am an independent business owner, I know I am not alone. The people in the office are **the most positive, supportive group I have ever been associated with and they are always willing to help others out** even if you are not a part of their organization. My personal goals are to continue learning as much as I can to be a better mentor for new business partners and a better wellness consultant for customers, making sure each person achieves their goals. Because Symmetry provides an incredible training system, I have achieved Field Vice President level in a little over a year. I have already won the trip for next year; my husband and I are really excited! This comes to show that **a lot can be accomplished on a part time basis.**

I owe my success in Symmetry to others in my life. My family and friends are so understanding about my commitment to work, and have helped refer my business and Symmetry products to their contacts. I have the most amazing upline who have been there to encourage me through the tough times and give me a pat on the back for my successes. I have also been fortunate to find some great individuals that I have plugged in to the Symmetry system, giving them the opportunity to learn from the best of the best at the Seeds of Success workshops. Of course, none of this would be possible if we didn’t have such fantastic products!

I would advise others to be prepared to work hard and put in the necessary effort required to fulfill your achievements. Success is not going to automatically be there overnight and it is not always going to be easy. Make a schedule and commit your time; set your goals and work hard to achieve them. If you fall short and you have done your best, pick yourself up and start on the next month, but don’t ever give up! **If you keep working, success will come...**sometimes when you least expect it.

I am so honored and thankful to have found Symmetry and to be a part of the Symmetry family!
