The Symmetry system provides people the opportunity to help individuals maintain and improve their health, while substantially increasing their earning power. I started with Symmetry because of the excellent compensation plan and the wonderful products they have. **Since the Symmetry program was already well established, it was very easy for an average person, like myself, to plug into the existing system and become successful.**

I find that assisting people in their efforts to feel better is extremely gratifying, and the money earned will enable me to live the lifestyle I have always dreamed of. Some say **Symmetry is a balance in life because the benefits are twofold**; I completely agree with this concept. The twofold benefit of Symmetry aligns perfectly with my personal twofold goal: **help as many people as I can with their health, while attaining the highest possible pay level within the Symmetry organization.**

The successes I have achieved thus far were realized by following the advice and system implemented by the leaders in our industry. Attending the "Seeds of Success" workshops has been invaluable; each time I attend, I grow as a person and an entrepreneur. **Soaking in the wisdom of individuals, who have gone before you and succeeded, makes it easier to build your own successful business in a shorter period of time.**

For anyone in the business, remember: **to succeed, it is imperative that you watch, listen and try to emulate the people who have succeeded, and strive to be like them.** Attend a Seeds Of Success workshop, and begin to set goals, believe in them, work hard to attain them and you will prosper. Most importantly, stay humble and teachable, talk to lots of people, always practice positive affirmations, and avoid negative opinions (including your own).

I would like to thank several people who have helped me along the way. I would like to say thank you to Mr. Rudy Revak for creating Symmetry and **giving all individuals an opportunity to bring their dreams to life**; to Joe DeLisle and all the trainers at the Seeds Of Success workshops who enable us to learn and succeed quickly; to the entire Columbus office and Mr. Travis Just for their daily support; and to my entire team - without them none of this would be possible. I would also like to send a special thanks to my enroller, Julie Murdock, whose daily help, training, advice, and unending patience are deeply appreciated.
