- **Quick Start Bonus Earner**
- **SMM in first full month**
- **FVP in third month**
- **Created 2 new Sr. Marketing Managers**
- **Qualified to attend Elite Trainings**

I became interested in Symmetry when my friend told me that drinking Genesis helped her arthritis. Since my husband suffered from arthritis as well, I ordered the product in hopes that it would help him too. When I found that it did, I was eager to begin sharing Symmetry products with others to help them with their health needs.

In my first month in this business I earned over \$3,200! I don't see selling Symmetry products as a marketing venture. I look at it as offering information that will help other individuals. I have been successful because **I promote wellness. In my first 90 days in the business I earned over \$16,000!**

I would advise anyone hoping to be successful in this business to **contact everyone and offer them Genesis** if they are interested in feeling better and having a better standard of living. I am happy to raise awareness about Symmetry because it has given me an excellent opportunity to help others feel better and live longer.

My goals for the future are to support others in the Symmetry network, have a residual income, and help others enhance their health and wellbeing. Symmetry has **offered me the opportunity to develop a successful enterprise** and to improve the lives of others as well.
