Prior to working with Symmetry, I was finishing two business degrees, two internships, and wrapping up an athletic career at college. Following school, I was very frustrated in trying to find the perfect job. I was then introduced to Symmetry and was instantly attracted to the **endless financial possibilities and the chance to create true freedom and flexibility for my**

**family and myself.** My family has always faced struggles regarding finances and a better income could have prevented many of these difficult situations.

Symmetry has given me this long awaited chance to capitalize on an opportunity that could provide better finances. However, Symmetry means so much more than just having money; it has meant **living the lifestyle that I always wanted but never knew how to achieve. With Symmetry, the rewards and opportunities are endless: I have traveled all over the world, and have been a part of many new experiences that were never an option before; all without having to worry about time or money constraints.**

My success with Symmetry is credited to the system Mr. Rudy Revak has set up. When I first started with the company **I invested in a GObox 6.0**, and immediately attended a Seeds of Success workshop. Learning from Mr. Joe DeLisle gave me the knowledge, wisdom and confidence to make the business work for me, and the training and support are always available.

I have been blessed with unbelievable leaders and mentors who have made a huge impact on me personally as well as my business. My promotion of RFVP is a direct reflection of a great team of selfless leaders and team players that I am very grateful for. Persistence, hard work, the willingness to commit, and a “never say die” attitude in **this system can and will create a dynasty.**

Thank you to Mr. Rudy Revak and Symmetry for developing a company that allows people to dream again and build the ability to achieve those dreams.
