- Top 20 in Miami Money earnings
- Quick Start Bonus earner
- Earned \$500 from Cash Contest as one of the top 20 in US
- Achieved the Senior Marketing Manager Title in first month

I started with a bottle of Genesis and saw results in a week. I decided to come back and check out more about Symmetry! I saw the opportunity and what it could do for my life, but I was broke. I knew that if I didn't do anything I would be in the same spot as yesterday. I scrapped every penny I had to go to the workshop to learn how to work and live smart.

Symmetry means the world to me. **Without Symmetry, I would still be in the same spot as a month ago.** My goal is to help people with their health and make sure my parents are able to retire safely and see the real world, because all they know is work. I know Symmetry can help me reach that goal.

When I came to Symmetry I knew I had a good group of friends who were looking for a change in their lives. I knew I had to contact them before anyone else did so we could all reach our goals. I knew for a fact that no one had money to get started, but I knew deep inside my heart, after watching the video about the workshop, it would **change our lives for good!** We all found money to GET OUR GO BOXES, forgot the past and began a new future. I told all of my family they had to try this because it works. I invited everyone I knew to see what Symmetry can do for them.

I know for a fact if you don't make a change for yourself no one else will make it for you. **Symmetry teaches you the right way to accomplish your goals.** I know it's hard to get out of your own way, but that's the biggest thing you will ever do. Don't turn away and say you can't do it because everyone can. Symmetry offers the education for success—the question is: Are you open to listen and learn?

I want to thank Genna Lower for everything she has done for me. If you ever get a chance to meet her and say hi, do it and you'll understand.
