

She's on a roll!

Nelia Calacat

- **Over \$4,000 earned in 26 days**
- **Focused on personally enrolling**
- **Active Senior Marketing Manager in less than 2 months**
- **2nd in February's Cash Contest**

One of the main reasons I've had such a great success with my Symmetry business is because of the "Power of 2Ls" system and materials. I bought 50 of the "Magic of Symmetry" DVDs, distributed them, followed up with the clients, made my presentations and was able to help them start their own Symmetry business.

In building my business, I've found that focusing on activity is critical for my success. For the month of February, I focused on signing up 8 new people and winning the cash contest. For March, I decided to focus on upgrading one of my enrollees, continue to personally enroll and promote myself to the next level.

Since I won second place in the cash contest, I plan to share, save and spend the incredible amount I've received. We'll treat our grandkids to a dinner and/or a movie, put aside 10% for a rainy day, pay off some debt, and put some back into the business, as well as donate to GawadKalinga, a program for the poor in the Philippines.

My advice for anyone new to Symmetry would be to believe in the products. Think **BUSINESS** all the time. Always be ready and available to do business, anywhere and everywhere with anyone and everyone. This company is about helping others become healthier, providing an opportunity to succeed and helping others live their dreams. There's never a better day than **TODAY** to start.
