

An Amazing Start!

- **Earned over \$2,000 in first month**
- **Earned a company cruise, all expense paid, in first month**
- **Field Vice President in first month**

I was juggling five jobs, and though I enjoyed each one, I could not make the most out of any of them. A friend introduced me to Symmetry and I immediately related to the passion they put in their business. Being a Licensed Massage Therapist and Fitness Trainer, I've always valued my health and that of others. **Our lives are our most valuable asset.**

Growing up, I was taught to keep an open mind and give everything a chance. **With the Symmetry opportunity I have everything to gain and nothing to lose.** In addition, I saw a chance to **travel the world**, which has always been a dream of mine. I jumped at the opportunity to win the company cruise and actually won during my first month in business. **My first cruise, all expense paid, I couldn't even dream this!**

I learned the importance of a personal contact list from attending the Seeds of Success workshops. **I listed everyone I could possibly think of**, and from this list have come some awesome people that are just as excited about the products and the opportunity as I am. In turn, as a result of hard work and a great team effort, I have **hit the level of Field Vice President in my very first month.**

In the short amount of time I've been with Symmetry, I've witnessed many talented people turn their back on this opportunity. I feel bad for these people because they don't understand the **financial freedom and benefits that come from this world-wide company.**

I see a chance with Symmetry to build a business that allows me to **control my own finances without depending on anyone else.** The future has never looked brighter.
