

4 New Regional Field Vice Presidents in 3 Months! Are you next?

Tim Woodcox

I started the business as a frustrated single parent in college. I was excited for the chance to go out, **work hard** and build something for not only myself, but for my son as well. From top to bottom, **this is the best opportunity in the world.** Take action now and pay attention to others who have success. Make sure you are on at least a **4-Pack Monthly Autoshop of Genesis** so you can Use-Sample-Sell! **Get your eight every month & bring people to the events!** We are very fortunate to be surrounded by amazing people. If it weren't for my team, the "Seeds of Success" workshops, Symmetry's leaders, and these incredible products I wouldn't have the results I'm seeing today. **Genesis is changing the way people look at nutrition and Symmetry is changing people's lives financially!**

I have always been a hard worker and since I joined Symmetry, that hasn't changed. **I give 110% and Symmetry rewards me just the same.** In addition to my monthly and weekly checks, I've earned bonus money just for helping brand new people achieve their goals. All I am doing is **following the system that "We Build People and People Build our Business."** Thanks Symmetry for giving all of us the chance to be great!

I have been asked what woke me up and brought my business back to life after having been in Symmetry for over a year and a half. There is an old saying "you act or you react out of desperation or inspiration." Mine was both. **The story of these producers must be told** and in the process the money comes. I was earning \$345 in commissions monthly and now in the last couple of months **I earned over \$10,000.** The key word is **work and the attitude** is to have an urgency in telling your story.

Growing up I watched my family work so hard for so little. When I found out about Symmetry I saw a way to not just have a great income, but also have **time freedom.** The success we had last month was the result of the combined efforts of a great TEAM of people, and all the hard work over the past few months. **We set our goals, developed a plan and just went to work;** that consistent effort started to pay off and our business has been doubling month in and month out!! **Success equals commitment!** Make a decision and follow it up with action! I can't think of a better use of your time than creating **time freedom AND financial freedom** for yourself and your family.
