My Symmetry business started a moment in time when my wife and I were both struggling to make ends meet. Being an employee was not enough and I wanted more for my family and myself. We responded to a call from a relative who sponsored us, introduced the company, the products and the marketing plan. **We began using**

the products for several weeks and we saw for ourselves what a difference the products made. We feel great and look at our best!

My wife and I then began calling relatives and friends to introduce the great products and share the marketing plan. As a result, they responded positively and continued the process by sharing the business and the products with everyone they knew; in a few weeks time, we sponsored many of them which catapulted us to where we are now. **Symmetry has definitely changed our lives for the better in several ways: vibrant good health, financial independence, freedom with time, and the opportunity to have our own business to control our destiny.**

We have found the best company – **great products with great results, and an excellent, second to none marketing plan. “Health and wealth” is the essence of Symmetry and I firmly believe this is the greatest contribution to humanity.** We are fortunate to be a part of a caring, sharing, and ever-expanding company. Certainly, **this is God’s gift to mankind.**

For anyone starting with Symmetry, this is the best opportunity to go for it. Get involved and start achieving your dreams and goals. Now is the time to **grab this rare and golden opportunity. More power, wisdom and glory to Symmetry!**
