With a background in dance, I've always believed in wellness and a commitment to strengthening the body through nutrition. After using and then sharing Symmetry products with important people in my life, our health changed drastically. **Symmetry not only provides the best nutritional products, but also a vision of freedom and lifestyle** that I've only dreamed about.

The past year has been a whirlwind of new ideas, new experiences and new success that has turned my life upside down. Through an incredible system of duplication that Symmetry provides, I have been able to introduce leaders to my business whose skills and abilities never cease to amaze me. Symmetry is a blessing; it has changed my outlook on life, and more importantly, has helped me grow personally. **What seemed unattainable has become more of a reality with Symmetry.**

**Raul Velazquez Jr.**

- **New Regional Field Vice President**
- **Earned over \$5363 in weekly commissions**
- **Qualified for Annual Trip + \$1000 for travel**
- **Over \$2000 earned in Cash Contests**

I was first introduced to Symmetry by Ms. Jenna Padilla; I tried the products she had introduced to me and instantly fell in love. I realized that we could, either through the business or the amazing products, truly have an impact on people's lives. The most important factor for my success has been to introduce great leaders to a great opportunity through Mr. Joe DeLisle's Seeds of Success workshops. Leaders such as Rolando Rios hit Senior Marketing Manager in his first month, Arturo and Sarah Nesci hit Field in two months and Julian Gomez hit Area with

a full time job in only 4 months. I am so appreciative for this system and its amazing trainers who have become our mentors.

The tools that Symmetry provides, such as self-development, have also helped me tremendously in reaching my goals. I want to continue striving for the top, and letting Symmetry continually bring out the best in me during that process. This business can work for anyone – it is simply believing in your ability and making it work for you.
