I have been in the nursing field for quite some time; I've always believed in good nutrition and natural healing with a privilege to help others improve their own health. A lady was selling Symmetry products at a fair one day and I became interested in what she had to say because I myself was suffering from some ailments including arthritis, diabetes, migraines and back pains. **A month after taking Symmetry products, I was no**

**longer suffering from any severe pains** associated with them. I was sold to the benefits of these products, and knew right then that Symmetry was my true calling.

**Symmetry has improved my financial situation and provided me with excellent health. It has helped me develop a better lifestyle** with the trips, the cruises, the bonuses and the great trainings that help motivate us day in and day out. It has helped me in all areas of my life and gives me the tools I need to succeed. **The residual income, with the checks constantly coming in the mail, is fantastic!**

**Symmetry products are superb; I have lost 4 dress sizes, my sugar level has been normalized and I feel better and look younger than I have 17 years ago!** Many success stories with Genesis and Ultra Vitality have confirmed my trust in the Symmetry products. My biggest success story is with my best friend who was waiting for a heart transplant, but after using Genesis and Ultra Vitality for three weeks, she was released and was also taken off her medication for high blood pressure and diabetes, not to mention she feels great!

I've achieved my success by doing three things: listening, learning and trying; **it is my persistence that has contributed to all of my gains.** One of my goals is to **coach and train people about health and wellness with Symmetry as my vehicle**, and I commit myself to helping my team reach their own goals – teaching them “how to fish so they can always eat”. I advise those starting the business to step out of your comfort zone and start learning new things and growing as an individual. And also, make sure to protect your health to the fullest by taking Symmetry products.

I must thank the Lord whose eternal grace makes all of our endeavors possible, and my family for all of their support. I would also like to thank Mr. Rudy Revak for his great vision, and a special thanks to my team of pace setters who have made my success possible.
