- Earned over \$1,600 in commissions for the month of June
- Earned \$500 in the June Cash Contest
- Earned \$250 one-time Achievement Bonus
- New FVP for June

There is a buzz about Symmetry in the Miami area and that's what first excited me about the company, the fantastic health products, and the wonderful business opportunity that Symmetry could provide. After hearing about Symmetry, I just couldn't wait to try the products and see what they could do for my health. I quickly decided to pay Jean-Charles Preneme a visit. Jean-Charles is a Symmetry National Field Vice President and he sold me my first products and showed me the opportunity.

To me, Symmetry means health, income and longevity. It also means success. To garner success I tell testimonies of Symmetry success to intrigue people and steer them towards the business and encourage them along the way to give the products a try for themselves. I always tell each and every person I come across who's interested in Symmetry that "In business one should know that without determination and drive you won't succeed". And, I always share with them that when it comes to greater health and greater wealth "The sky is the limit!"
