- **Qualified SMM in first month**
- **Earned \$250 SMM Achievement Bonus**
- **Earned over \$1700 in second month**
- **Qualified FVP in third month**

I first got started with Symmetry because of their products; I was having health issues, and was willing to try anything to make me feel better. **I began using Symmetry's products and in a matter of a few days, I felt 100% better and decided to continue using and sharing the products.** Within 2 weeks of use, I was already doing the business!

I am really looking forward to **bringing new people to the next Seeds of Success Workshop so they can experience the same training and commitment I did from my first workshop.** I would advise people to attend all the trainings ranging from the business to the amazing Symmetry product line. **Once you use the products and see the difference, you will honestly be able to build the foundation towards your own successful business.**

My goals are to be healthy and to spend more time with my kids while working with Symmetry. **Symmetry has already helped my health.** My friends have seen the difference in me and have started using the products as well; it has been an extremely positive change in all of us. I have been going 2 months now without any medications, not even Tylenol or Motrin. **Symmetry's products are guaranteed to improve your health,** and when people see the change in you, it shows how effective the products really are.

Thank you Symmetry!
