Before Symmetry, I was spending \$36,000 a year at a small private university in Columbus, Ohio. I changed my major close to 10 times and was becoming frustrated that I couldn't figure out what I wanted to do with my life. I was afraid I would have to settle for "good enough," when I knew I wanted to be better. I wanted to shoot for my dreams. After seeing the opportunity that Symmetry offered, I was more than excited. **I was finally given the chance to have my own business and live the kind of lifestyle I had always wanted for myself.** I am able to be around people who have the same goals, and work with them as a team to accomplish anything.

My success in this company is due to following the system Mr. Rudy Revak has set in place. **Just concentrating on the power of two and enrolling 8 new people every month goes a long way.** I would have definitely not been able to achieve the success I have without consistently attending Mr. Joe DeLisle's Seeds of Success workshops. Listening to the incredibly inspiring leaders within Symmetry, **I have been able to gain the confidence, encouragement and information I need to create success in any business.** The support of my team of business partners has also allowed me to become successful.

The piece of advice I'd give to anyone just starting with Symmetry is to **keep following the system.** Dig into warm market, get excited and never give up! Following these steps has given me the power to succeed in my business. There is no other way for a **21-year-old like me to earn over \$3,000 in one month.** That's exciting! Apart from moving up to different promotions within Symmetry, I have also always wanted to be able to motivate and inspire people to do great things. **I hope that someday I am able to motivate and be an encouragement to someone as my enroller, Mr. Travis Just, is to me.**
