I started my Symmetry business in my last year of college. I was evaluating my options of what I wanted to do with my future. The frustrating thing was that in 5 years of school I never found anything I could really get excited and passionate about. So **when I was presented with the opportunity of Symmetry, I could not pass it up!** I saw this business as a vehicle to achieve the lifestyle that I have always wanted.

Last month in this business I earned over \$8,500! The reason I have been having success is due to the system that Mr. Rudy Revak and Mr. Joe DeLisle have implemented. The system is amazing! You can take an average person like myself and plug into to it and achieve above average results. **I always talk to a lot of people, making sure to follow the “Power of 2”.** Then I bring them to a regional training called the “Seeds of Success Workshops”. I have had people better than myself get educated by the experts of our industry.

I truly believe for anyone to get success in this business, all people have to do are two things:

1. Utilize the phenomenal training programs and leadership that this company possesses.
2. Have perseverance and persistence. **Never quit!**

Symmetry is the greatest opportunity in the world and I love it so much because it has given me the ability to control my future. This business has given me the opportunity to, not only make a lot of money, but to help a lot of people along the way. A system where you have the ability to help people get healthy and wealthy! A system that will allow me to retire my parents in the next few years and make sure that they live very long and healthy lives; by building a business that produces passive residual income creating **FINANCIAL INDEPENDENCE!!!**
