- **Qualified for free trip to Jamaica for two + \$1000**
- **Over \$13,000 in Growth Bonuses**
- **\$600 Monthly Car Bonus**
- **Follow your system + have your team members do the same**

I got started with Symmetry as I was looking for a way to **earn extra income, create a retirement plan and build residual income**. I also wanted to own my very own home-based business. The fact that Symmetry allows us to **have a profound effect on people's lives through improving their health and wellness, along with financial opportunities** is definitely one important reason that attracted me to Symmetry.

In less than two years we have been able to establish a very successful network of partners and customers alike. We have seen so many people who are able to regain their health and vitality without the need for prescription drugs and the annoying side effects that sometimes occur from them. I have been able to lose excess pounds, and look and feel younger than when I began the program. I also **love the opportunities for travel and fellowship with the executives and other successful business partners. Symmetry gives me a chance to utilize all that I have learned about health, wellness and leadership, allowing me to be a mentor and an inspiration for others** to believe they can reach their optimal wellness goals as well. I take great joy in seeing others achieve financial and personal success beyond their dreams.

It is very important for business partners to get new people involved right away; **the broad range of useful tools Symmetry provides** - the website, blogs, online training center, the DVDs, flip chart, emails, conference calls and many more - are great ways to educate newcomers. It is also a good idea to encourage enrollees to attend as many events as they possibly can and always stay up to date with Symmetry events.

Following the Symmetry plan, staying involved and using the power of tools will help anyone achieve true success with their business. I believe the key to success is truly and sincerely caring about the welfare of your team and all of your customers. Having Mr. Willie Larkin as a mentor is simply invaluable. His years of experience and personal success have meant so much to our entire team.

I would like to thank Mr. Rudy Revak for his courage and dedication to providing a company with such a supportive corporate culture that **anyone, no matter their background, has every opportunity for massive success**. And of course, keeping our products on the leading edge of technology is the true foundation for the success of Symmetry.
