- Newest A.F. Vice President

I was a frustrated college student that had been taught, the key to success was to get a great college education and an even better job. To be honest, **I never wanted a job.** I wanted more out of life than working a 9 to 5. When I saw Symmetry I was truly excited, for the first time I saw a way to escape the monotony of punching a clock. **The ability to be your own boss, create your own schedule and an unlimited income potential....** where else could you find that! Symmetry has allowed me to transform my dreams into reality!!!

Last month alone my income has quadrupled! I've always been told, "If you want what someone has, do what they do, to get what they've got". Being able to surround myself with **true leaders in this business such as Mr. Rudy Revak and Mr. Joe DeLisle** has transformed my business, and income! By plugging people into the simple system, bring them to the "Seeds of Success Workshops", and following the "Power of 2", my business is rapidly growing. In the last few months not only did I earn a **cruise to Belize, I earned over \$7100!** Focus on the things you can control and never give up.

Decision and determination are keys to this business. Symmetry has allowed me to take control of my life and destiny. I now have a plan to **accomplish all of my goals in life:** to help others **with their health**, to live happier and fuller lives, but more importantly, to equip each persons to **help someone else obtain their goals in life** as well. If it wasn't for my Symmetry business I wouldn't be able to retire my parents someday. **Now I can achieve financial independence.** Now I can have hope for the future and my family as well. **I thank God everyday** for allowing me to serve others with Symmetry!!!
